Index

Volume 27, 1983

Compiled by Edward Swanson

General Procedures Used in Compiling the Index

The following types of entries are included:

a. authors—of articles and letters
b. titles—of articles and of articles about which letters were published
c. subjects of articles

Subject entries for individuals are identified by "(*about*)"; letters are identified by "(*c*)."

Entries are arranged word by word following the "file-as-spelled" principle. Numbers are arranged before alphabetical characters; acronyms without internal punctuation are arranged as words.
